Men s Coming Out Group

Identity House:

Our coming out group provides a safe place for men like you to deal with your feelings during the coming out process.

Some issues to be discussed include: coming out to your family, friends or work associates; men who have trouble meeting other men; and other issues you would like to discuss that are pertinent to being a gay or bisexual man.

This group will help you deal with your current struggles, and help you to integrate your new experiences into your life.

This group runs for 8 weeks and is limited to 12 participants. A brief pre-screening interview is required. Suggested donation is $20 per session.

Men's Coming Out Group Starts Thursday nights in late November from 6:30-8pm. Pre-screening is required.

Pre-Screening dates:
November 17th: 6:30pm
